

Felt Root Vegetables Patterns

Permission granted to reproduce for personal and classroom use only.

Find the full tutorial online at www.knoll22.com/felt-root-vegetables

This pattern contains the pieces to make a beet, onion, and carrot.

These root vegetable patterns can be made magnetic by adding a 6mm rare earth magnet for interactive play with my other magnetic patterns.

This pattern is compatible with a selection of other knoll22 patterns including the following:

Felt Dolls
